

Quality Policy

Cimat Sp. z o.o. is a company offering services in designing, manufacturing and sales of balancing machines. In addition to servicing and certification, we also solve technological problems related to balancing.

Since 2018, CIMAT has also started manufacturing components for medical devices.

CIMAT employs qualified and experienced personnel with the necessary qualifications to provide services at the highest possible level, ready to constantly improve their qualifications and search for new solutions.

CIMAT has its own means of transport and a modern and specialized machine park, thanks to which the company is able to manufacture machines of various sizes and applications, both for domestic and international markets.

CIMAT strives to establish long-term cooperation with customers by building trust and meeting even the highest requirements and standards set by the customer. All activities of Cimat Sp. z o.o. are focused on providing products of the highest quality while ensuring full compliance with legal regulations and guaranteeing work safety, both for the customer and all third parties, including patient safety, for components of medical devices.

Therefore, taking into account the specific character of our company, we undertake to do the following:

- maintain and improve the effectiveness of the Quality Management System in accordance with the following standards: PN-EN ISO 9001:2015, PN-EN ISO/IEC 17025:2018, and PN-EN ISO 13485:2016,
- continuously improve the Company's processes and procedures,
- comply with the laws and regulations applicable to the Company's business,
- ensure involvement of our employees in providing services that meet our customers' requirements,
- perform all work with full professionalism and impartiality during device certification in a separate organizational unit.

CIMAT undertakes to apply the above principles, maintain them, and periodically review and update them, as needed, in order to ensure their continued suitability in a changing environment.

CIMAT guarantees that the above mentioned Quality Policy is known, understood and applied in the daily operations of all the Company's employees and business partners.
